

## THE MATE

Male/Female

Argh.....Argh. I'm first mate to the pirate named Captain Bilge. Ha ha ha

He's not a pirate really, but i like to pretend he is! I've always wanted to be a pirate and sail the high seas. So far the furthest i've got on board ship is Tewkesbury...and then we had to turn back because I'd forgot to pack my passport to get into Gloucestershire!

Captain Bilge tells me we're off to Morocco. I think that must be the other side of Worcester as I've not been there before! I wonder if it's very different to Evesham?
