

Shrek the Musical – DRAGON Audition

DRAGON

*A dragon that has been charged with guarding Princess Fiona in her isolated castle. She eventually falls in love with Donkey and attempts to keep him there forever. Imposing and flirtatious, but tired of her job as the glorified baby-sitter. **We are looking for someone who: a strong and soulful singer; who can work alongside (a rather large) puppet; this part could be filled by more than one individual; this is a female part.***

Song: Forever

Another day inside my keep

I get no rest, I get no sleep

'cause when I start to count my sheep

You come around

[Donkey: I-I'll just come back a little later than, okay?]

I draw my shades and lock my doors

Still you come for what ain't yours

Like a hound dog on all fours

You sniff around and around and around

You're gonna stay

You're gonna stay

You're gonna stay

Forever

Forever

[I wish I could stay but forever sounds like a long time, and uh I got a hair appointment]

Another knight, another name (Backup: Another name)

But all in all you're all the same (You're all the same)

Foolish moth you want the flame that you fly around.

The siren calls you from her beach (ooooo, woo woo)

That pretty girl, that perfect peach (ooooo, woo woo)

She is always out of reach (ooooo, no)

but I am around and around and around

You're gonna stay (You're gonna stay)

You're gonna stay (You're gonna stay)

You're gonna stay

[Hey not so close, now watch my tail]

Forever (Forever)

Forever

[You've got some reall boundary issues you know that?]

You think I like this job?

Shrek the Musical – DRAGON Audition

I'm a glorified babysitter (baby, babysitter)

No one wants to rescue me. So yeah I'm a little bitter

So yeah, I'm a little bitter

I'm not princess, no great beauty

No one ever, ever, ever, ever wants me

(You made her mad)

Rescue me

(You're gonna die)

Come on baby and rescue me

(Don't even try to come around round and round round and round round and round)

Oh round and around and around and around and around and around and around and around and around
