

Jack Frost

Jack: Jack Frost at your service. Well what is it this time? Do you want the village pond frozen over again? Or done burst pipes up at the palace. How about some pretty patterns on the window panes?

No wait I know you want me to do all your dirty work for you? Yes that's it. Jack does the dirty work and you stand there taking all the glory. You really are a hateful Demon. aren't you Blackheart. If it wasn't for the fact you've cast a spell over me making me melt If I disobey you, I'd turn you into an ice sculpture myself!

Cupid: I think you're getting me mixed up with Demon Blackheart. My name is Cupid and I'm near to spread love and happiness and make sure that this 35th Pantomime from Evesham's premier Panto group end with everyone smiling.

I've several magic arrows I can shoot from my bow. I'll make sure the prince ends up with the right partner, and that the wicked curse put upon you and others is lifted.

Now who's evil??
