

Workshop Song- Stay (If you wanna dance)

If you wanna dance, take my hand, take my hand
Cancel all your plans, take a chance, take a chance
Ain't got forever, we only got today
If you got a night to feel alive, then baby, stay

Late night, stuck in my head
This apartment's getting colder, colder
Gotta get out, all night stuck on low pay
Stuck in my ways, turning circles, circles
Dreaming about running wild in the city (hey, hey)
Free my mind and my body, go
Life's too short, are you with me? (hey, hey)
Come on, come on, come on

If you wanna dance, take my hand, take my hand
Cancel all your plans, take a chance, take a chance [X2]
Ain't got forever, we only got today
If you got a night to feel alive, then baby, stay

We're too young to feel this old
Feel the fire inside your bones
Come on, come on, come

Hurry up, I'm waiting (one, two, three, four)

If you wanna dance, take my hand, take my hand
Cancel all your plans, take a chance, take a chance [X2]
Ain't got forever, we only got today
If you got a night to feel alive, then baby, stay
